## Baby Turtle Release Nature Walk

Monday, May 30<sup>th</sup>, 1:00-2:45pm, 250 Fresh Pond Parkway

Meet the four snapping turtle hatchlings “headstarted” from eggs over the winter and learn all about turtles with Ranger Tim. There will then be a walk to Little Fresh Pond (1.1 mi) to their release-site and an equivalent walk back.

## The Fascinating Bugs of the Lusitania Meadow

Tuesday, May 31<sup>st</sup>, 6:00pm via Zoom

Local nonprofit Earthwise Aware engages in citizen science here at Fresh Pond. See the fascinating results from last year’s comprehensive insect survey in the micro-jungle of the Lusitania Meadow. See stunning photos and learn more about the insect world and ways that anyone can help further science.

## Water Treatment Plant Tour

Monday, June 6<sup>th</sup>, 6:00-7:30pm, 250 Fresh Pond Parkway

Yes, very single day 8 to 14 million gallons of water is drawn from Fresh Pond Reservoir into the Water Dept. building for treatment and filtration. Meet the staff and learn how Cambridge’s tap water supply operates – from dams and aqueducts, to computerized operations, to our chemistry lab, to engineering and distribution.
